**G-XIX:**
Training

To provide operational users and the science community with the SST measured by the satellite constellation

GHRSST
Group for High Resolution Sea Surface Temperature

CE S
Committee on Earth Observation Satellites
Sea Surface Temperature Virtual Constellation

Training

- Suggestion to hold a Open Source Software (OSS) workshop

    – Best practices

    – Git

    – Python

- Would help towards establishing community retrieval models

- Does the science team think this is useful?
