G-XVIII: We met in Qingdao

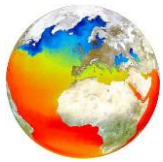

G-XVIII: We worked hard

- 77 attendees
 - 4 days of plenary, interactive, 1 day of task teams, plus team building event & side meetings
- We saw...
 - Many new faces
 - The growing capability of China in SST
 - The vibrancy and enthusiasm of the community
- But we work to do...
 - Collaborate to provide Chinese SST data in GDS2.0
 - Preparing GHR SST data distribution for the next 10 years

Tasks

- All ST members to send a list of their papers that benefitted from GHRSSST collaborations to the GPO
- Send any high-quality images to the GPO
- All ST members to notify the GPO of any forthcoming results/papers
 - For promotion activities (web/social media)

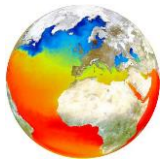

GHRSSST Terms of Reference

- Motion to adopt the updated GHRSSST Terms of Reference to be adopted

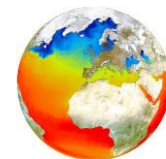

Microwave continuity

- Does the Science Team endorse the CEOS SST-VC recommendation to CEOS
 - *Given the current risk to the current and continued PMW constellation for SST and the need for a redundant capability of PMW with ~7 GHz, CEOS is requested to coordinate and encourage its agencies to ensure the continuation of the existing capability and to facilitate the coordination of agencies to ensure continuity and redundancy of PMW for SST.*

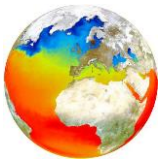

Future meeting dates

- G-XIX
 - EUMETSAT, Darmstadt, Germany, 4th – 8th June 2018
- G-XX
 - Location TBC, 3rd – 7th June 2019
 - Call for offers to host will open after G-XVIII
 - Should it be a users workshop?

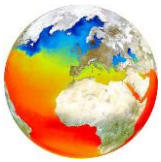

Townsville SST Meeting

- AIMS is organizing an SST users workshop in Townsville in August 2018 focusing on the Great Barrier Reef
- If you would like to contribute training or presentations please contact Helen Beggs

Thanks

- To OUC for hosting
 - Lei Guan, Shuguo Chen, and colleagues
- To the GHRSSST Project Office
